

Candlebark Farm Photo Find

Get to know your North from your South and your East from your West
 Find where each photo was taken and answer the question. For example, in the first photo you are facing North.

Take a look at the compass drawn alongside and you will see where the other directions are. Behind you is South, to the left is West and to the right is East. We have some other questions to answer too, just to be tricky!

Transfer the boxed letters to the bottom line so that you make the words of a sentence. We've filled some letters in to help you on your way :-)

Rules: This activity is done in pairs or threes but not on your own. Your Group Leader will tell you when to stop looking, perhaps with a whistle. You lose two points for being more than 2 minutes late returning or for running as this is a walking game.

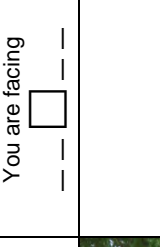

Gullies, swimming pool, dams, hay shed or steep banks are out of bounds. You must stay around the buildings.

Do not go out on the farm. If you think you shouldn't be somewhere, you are most likely right so go back.
